

Dirk Wynants earned international fame as a trendsetter in outdoor living. More than anyone else, he drew his inspiration from an engaged and creative vision of design. He has not only attention for the material requirements, but he also explores the different ways of answering some of the important themes circulating in society. For him, contemporary design is more than a matter of trendy or attractive objects. Design is about innovative solutions that contribute to making a better world.

CONCEPT

The Infina stands for rest and simplicity. Without the busy knot of ribs and visible frame, the Infina is a real gem of pure aesthetics. The visually very soothing effect provides a clean design, which throws overboard all ballast of the classic center-pole umbrella. The Infina combines a minimalistic design with maximum performance in terms of wind-resistance.

TRUMPS

- The canopy is completely flat when opened to create a mimimalistic look.
- No visible ribs
- Affordable design
- The archetype of the center-pole umbrella is reinvented

NICE TO KNOW

- The Infina base was especially designed for the umbrella and strengthens the minimalistic appearance.
- Wheels with brake for the Infina base are optionally available.
- The Infina can be opened in a quick and easy way by pulling the rope. Once opened, you can slide the rope inside the pole which results in a minimalistic look.
- The Infina can be fixed on any standard base since the central pole has a diameter of 50 mm.
- The Infina comes in round (3 m) and square (2,5 m and 3 m).
- Protection cover is included.

The minimalistic center-pole umbrella, no visible ribs.

Can be opened in a quick and easy way by pulling the rope.

Mobile base with minimalistic appearance available.
